The Oregon Land Company

Is a corporation duly organized and operated under the laws for the State of Oregon. It began business in March, 1888, with a capital stock of \$20,000.

The First Sale Made By This Company Was in April Last.

During the nine months which have since elapsed it has made 107 sales to 104 different persons. Of the purchasers 85 have bought farming lands. It has also, during this time sold 61 residence lots in Salem. Of those purchasing but 25 were residents of Marion county prior to purchasing. The remainder were from the following localities, viz: Jackson Co. 1—Polk Co. 3—Multnomah Co. 4—Clackamas Co. 1—Yamhill Co. 1—Montana 4—Minnesota 4—Kansas 10—England 2—Colorado 2—Washington Territory 7—Iowa 5—Dakota 3—Indiana 2—California 8—Nebraska 7—Ohio 3—Wisconsin 1—Missouri 1—Illinois 1—Pennsylvania 2—Unknown 7.

This shows that sales are not confined to former residents of this locality, but that people are swarming in from the East to make their homes among us. The business of this company is constantly increasing. More than half of its sales have been made within the past three months, although this is a season of the year when sales are usually dull. The company has from 15 to 20 men constantly employed. It has representatives on Puget Sound. It has three men in Portland, two of whom give it their entire time. Rev. F. J. Strayer, who last year introduced so many immigrants into this State, is now in the East lecturing and distributing advertising literature exclusively for this company. He will start to this State with his first excursion on the 4th of April next.

This company is now spending more money to advertise Salem and the surrounding locality than

The Salem Board of Trade and All Other Agencies Combined!

Within the past twelve days it has paid for and contracted for advertising to the amount of

Over Fifteen Hundred and Twenty-Five Dollars,

The second edition of the company's pamphlet descriptive of Salem and the Willamette Valley is now in press. This is an edition of

TWENTY THOUSAND COPIES

Of a beautifully illustrated fifty page pamphlet. We cannot advertise so extensively in our home papers as we wish, for the reason that parties whom we most desire to reach are residents of the Eastern States, where these papers do not circulate. We do not advertise every sale we make in the local press, but we have advertised in more than

ONE THOUSAND PAPERS

In the East, as we depend upon Eastern buyers for the great bulk of our patronage. During the next few months our advertisements will be read by millions of readers of Eastern newspapers, who will thus be placed in direct communication with us, and nearly all of those who come to this coast will come decked for the office of

THE OREGON LAND COMPANY.

For these reasons parties desiring to sell will find it to their interest to place their lands in the hands of this company. If you wish to sell property leave it where

BUYERS COME TO BUY

If you wish to buy property come when property is left for sale. Your neighbors have land and don't want to buy.

EASTERN PEOPLE DO.

Our advertisements catch the eyes of Eastern people everywhere. We have five teams and comfortable conveyances ready at all times day or night, to convey parties to the properties we have for sale.

DON'T BE MODEST.

You are welcome to ride with us whether you buy or not.

UNIVERSITY NOTES.

Points of Personal Mention and Notes of News.

Rev. Houghton in chapel as reported last week.

W. E. Perry was called to Portland yesterday by telegram, stating that his grandfather was very sick.

The Academy rhetorical took place Thursday afternoon. For the most part they showed due preparation.

Prof. W. T. Van Scoy's neat residence in progress of construction on Eighteenth street, near Mill creek, on the tract of land which he recently purchased.

Mr. and Mrs. Tenny of Vancouver W. T., are spending a few days with their son and daughter Will and Martha, who are attending the university.

J. W. Peringer of Admas, Umatilla county, visited his son Virgil Tuesday. Mr. Peringer was on his way home from California, where he has been spending the winter.

Rev. Henry Brown of Walla Walla visited his daughter, Miss Jennie, at the Woman's College Monday. Miss Brown has just recovered from a severe attack of typhoid fever.

Rev. Mr. Medbury, of the Baptist church, presented the University with several valuable books, to be placed in the library. This is the fourth donation of considerable worth that has been added to the library this year.

W. H. Bagley and Miss Edith Pentland, both old-time students, were united in the holy bonds of matrimony at Salem last Tuesday. The teachers and a host of students extend to them warm congratulations, and wish them all the happiness that may be theirs.

Considerable interest is being manifested among the students of the University and friends of the different colleges over the proposed bill to grant equal privileges as regards certificates to all who hold diplomas from any chartered college of Oregon or to take away these privileges granted certain schools by the legislature two years ago. We do not hesitate to speak boldly for the old Willamette. She is willing to stand on her own merits, and the reputation she has made by her work in the past. We will further venture to say that there are more teachers in Oregon to-day, who were educated in the Willamette University than from any other one school, and among them some of the best teachers in the state. Then why can't the present legislature give her an equal chance—that is all we ask?

Short Sketches of Our Law Makers And Prominent Men.

HON. JOHN H. ROBERTS.

Mr. Roberts represents the county of Coos in the House of Representatives. His address is Myrtle Point, Or., where he is engaged in the mercantile business. He was born in Muskingum county, Ohio, March 21, 1841, and his parents came to Oregon three years later, and he has always called Oregon his native state. Mr. Roberts is a plain every day sort of a man, just such an one as commands the respect and esteem of all who know him. He is a hard and earnest worker in the House and is one of the faithful members of the House, always at his post of duty. Mr. Roberts enlisted in the twenty-third Missouri Volunteer Infantry and did some good service for his country for about eighteen months, when he was badly wounded in the battle of Shiloh, while in the Prentiss' Division. He was a man well respected in army affairs at that time, and immediately after he was wounded the governor of Missouri appointed him as enrolling clerk for Grundy county, with the rank of captain. Since the war he has made Oregon his home and is now serving his second term in the House of Representatives. Mr. Roberts is a strong republican.

HON. F. S. POWELL.

Mr. Powell is the republican Representative from Polk county, and is a resident of the city of Monmouth at which place he is busily engaged in the pursuit of general farming. He is an Illinoisian by birth and was born in that state March 20, 1830. Twenty-one years later we find him located on a farm in Linn county, this state, where he resided for a number of years. But in 1870 he removed to Polk county where he could find better school facilities for his children. He has continued to reside there up to the present writing. He has served as justice of the peace for two terms, and altogether is an exemplary man and well respected by all who have made his acquaintance.

CONDENSED DISPATCHES.

Hemp has been found much more lasting as cable for ocean telegraphs than iron.

The probability is now that the navy yard will be located on the Columbia river.

A great many Canadians seem anxious to come into our Union to help us pay debts and taxes.

Some of the heaviest snow storms ever known have just been prevailing on the coast of Maine and along the grand French railway.

At Rutland, Vt., last week a man was sentenced to 117 days imprisonment and hard labor for getting drunk once. And yet the Constitution says cruel and unusual punishment shall not be inflicted.

The real secret of much of the annexation excitement in Canada rests in the determination of our great eastern railway magnates to put an end to Canadian competition. Canadian railways cost far less than American.

The failure of the great Ohio and Western Coal and Iron Co. for many millions is the end of a series of murders, besides bankruptcies, riots strikes, etc., conceived with it. It is a Hocking Valley affair. Burkey, Lee and Pulsifer committed suicide because of their losses in it, and other tragedies, etc. have grown out of it.

If your face is marked with blotches, and eruptions and the skin is rough, you may get your bottom dollar. There is something wrong within. It is the blood. To purify it, you are fishing half-souped. As the Dr. B. L. says:—
To be clearly understood I will explain that Dr. B. L. means "Golden Medical Discovery" (Dr. Pierce's), the popular remedy for debility, lung troubles and weak, impoverished blood, which, like scrofula, shows its presence in the system in blotches and eruptions, and pimples.
Perfection is attained in Dr. Sage's Catarrh Remedy.

TELEGRAPHIC TIDINGS.

Important Events of the Whole World for Twenty-four Hours.

The New Railroad.

NEW YORK, Feb. 16.—General Thomas L. Rosser says that a contract was signed for the construction of the first link in a new transcontinental route. It is to start at Charleston, S. C., and will run in a northwesterly direction through to the great grail region of the Northwest, crossing nearly all the great trunk lines, which, General Rosser points out, generally tend toward the southwest, and striking exceedingly rich coal, iron and timber countries on the way which are not yet developed.

Ready For Travel.

PORTLAND, Feb. 16.—The wagon way across the steel railroad bridge was thrown open yesterday to the public. The passenger portion of the bridge would probably not have been opened for general use for several days yet had not the Morrison street bridge company, which controls the wagon way per lease given the O. R. & N., notice that they must have the opening take place immediately.

The Cliff Dwellers.

ALBUQUERQUE, N. M., Feb. 16.—The remnants of the "cliff dwellers," supposed to be extinct, are said to be living in San Mateo mountains. They are very small, not over three feet in height and very wild. They have been seen in the Black range and as soon as the snow melts parties will go out to capture them, if possible. The facts are vouched for by reliable men.

Trampled to Death.

RAWLINS, Wyoming, Feb. 16.—Daniel Stockwell and Albert and George Avery, while out hunting on the cattails of Stockwell's near here, were each sed by a stampede of wild cattle numbering 500 head. Albert and George Avery were stamped to death. Stockwell escaped by running.

Blaine's Acceptance.

NEW YORK, Feb. 16.—Thomas C. Platt has just returned from Washington. To a reporter he said: "I wish to say positively, and you can quote me as authority for the statement, that James G. Blaine has accepted the position as secretary of state. This was accomplished some time ago by correspondence."

Another Big Divorce.

LONDON, Feb. 15.—The Star says Lord Salisbury has begun suit for a divorce. His wife before marriage was known as Dolly Lester. It is stated he names as correspondents a book-maker named Riley and Amington, who owns a racing stable. Startling revelations are expected.

On Dress Parade.

BELLEVILLE, W. T., Feb. 15.—Colored miners from Illinois arriving in Baylyn were not molested. They are walking the streets with Winchester rifles, which is somewhat galling to the white miners, but no disturbance has occurred.

A Big Gold Strike.

TUCSON, Ariz., Feb. 16.—An unusually rich ledge of gold has been found near Tucson. The miners are conservative, but it is thought the find is a rich one.

Removal Notice.

S. A. Riggs (Successor to J. A. McDonald) has removed his Marble and Granite Works to Commercial street opposite State Insurance Building, where he is prepared to do first class work on short notice.

He has the largest stock ever brought to the state and will sell at prices as low as the lowest. For honest work give him a call. 2nd dw

Concluding her work of Evangelism at Harboursburg, Mrs. Emma Molloy is now at Eugene, where the same phenomenal success is attending her. The result of her labors for the past six days is fifty conversions. Surely the work of a powerful revivalist.
